EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 10 at line 1 after "claim":

"10" has been deleted

--9-- has been inserted

The following is an examiner's statement of reasons for allowance: The examiner's amendment is to correct an obvious claim dependency problem. The prior art of record does not teach the injection of a molecule into skeletal muscle to create a penetration and treatment site followed by the positioning of electrodes on sides about the treatment site and subsequent muscle stimulation whereby molecule uptake in the muscle tissue occurs.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
